### WORK EXPERIENCE

**Data Analyst & Project Manager | Blvck Code Automations (Hybrid, Lagos)**

**January 2025 – June 2025**

- Managed end-to-end business analysis and project delivery for 13+ smart home implementations, ensuring client requirements were translated into actionable solutions and delivered on time.

- Delivered analytical insights and project reports to senior stakeholders, strengthening decision-making and building stronger client relationships.
- Collaborated with cross-functional teams to gather requirements, define scopes, and document processes, ensuring projects aligned with business goals.
- Developed and maintained scalable reporting systems, replacing outdated trackers with streamlined monitoring tools that improved operational efficiency.

#### **Data Analyst | Blvck Code Automation (Hybrid, Lagos)**

*May 2023 – December 2024*

- Collaborated with cross-functional teams to gather requirements, define project scopes, and align analytics with business objectives.
- Maintained clean, auditable datasets by tracking and resolving inconsistencies in reporting pipelines.
- Conducted market and performance research, identifying 8+ key industry trends that guided strategic planning and client-facing decisions.
- Partnered with sales and engineering teams to analyze conversion funnels and performance KPIs, improving efficiency and supporting growth strategies.

#### **Junior Data Analyst (Contract) | Rebel (Lagos, Remote)**

*October 2022 – February 2023*

- Designed dashboards to track category performance and seasonal market trends, generating insights that informed product and marketing strategies.
- Conducted analysis of customer behavior and churn risk, supporting initiatives to improve retention and lifetime value.
- Implemented process improvements and automation that increased team productivity by 15%.
- Provided the Customer Experience (CX) team with onboarding and engagement metrics, enabling data-driven service enhancements.

#### **Administrative Assistant (NYSC) | LCDA (Osun State)**

*July 2021 – July 2022*

- Supported the preparation of departmental reports, ensuring accuracy, compliance, and timely submission.
- Managed document organization and project records, maintaining clear and accessible data for decision-making.
- Collaborated with team members to improve communication flows and operational efficiency.

---

### **SELECTED PROJECTS**

#### **Wanzami TV – Growth & Analytics Strategy (2025)**

- Developed a data-driven growth framework for a streaming platform, focused on acquisition, engagement, monetization, and retention.
- Defined core KPIs (DAU/MAU, ARPU, CLV, churn) and integrated GA4 + Power BI dashboards for funnel and performance tracking.
- Conducted diagnostics revealing over-reliance on paid ads, weak organic reach, and retention gaps.

- Introduced A/B testing on landing pages, pricing models, and promotional campaigns, identifying high-performing strategies.
- Recommended initiatives (refined campaigns, cohort tracking, loyalty programs) that built a sustainable, repeatable growth engine.

### **Oakcrest Medical Dashboard (Power BI)**

- Designed and deployed a hospital analytics dashboard (2022–2025) to monitor patient admissions, billing recovery, and repeat procedures.
- Enabled stakeholders to identify revenue leakages, patient churn patterns, and departmental performance variations, improving hospital decision-making and efficiency.

### **Kolokart SQL + Power BI Project**

- Built a full e-commerce BI database and dashboard with 24+ SQL queries analyzing revenue growth, customer lifetime value (CLV), product adoption, and retention trends.
- Delivered insights that guided customer segmentation and repeat purchase strategies, showcasing how data-driven reporting supports e-commerce growth.

---

## **CERTIFICATES**

### **IBM Data Analyst Professional Certificate – Coursera**

***May 2025***

- 11-course program covering SQL, Excel, Python, Cognos, and data visualization.
- Built end-to-end dashboards and analytics projects across industries.

### **Project Management (Udemy)**

***August 2025***

- Training in Agile/SCRUM, risk management, and stakeholder communication.
- Applied PM frameworks to streamline reporting and business operations.

### **Business Fundamentals: Corporate Strategy (Udemy)**

***September 2025***

- Studied corporate strategy models, competitive advantage, and growth planning.
- Applied frameworks to analyze business performance and support decisions.
